Subjective Written Test

Time: 2 Hrs.

Full Marks: 40

Attempt all questions.

Group A: Essay Type Question [12 Marks]

1. Compose an essay addressing some key questions such as: What inspires your decision to pursue an MPhil degree at this stage of your academic and professional journey? Discuss your mid-term and long-term career objectives following the program's completion, and provide a detailed explanation of how the research opportunities, academic environment, and intellectual resources at Far Western University align with your goals and will enhance your prospects for future success.

Group B: Research Question [12 Marks]

2. (a) Write a research proposal with clearly defined research problems, supported by specific objectives and a robust methodological framework. [8]

(b) A comprehensive review of literature plays a crucial role in the research process by providing a foundation for identifying research gaps, shaping research objectives, and situating the study within existing academic discourse. Discuss. [4]

OR

What are the key methods of collecting primary data, and how do different methods affect the accuracy and reliability of research findings? [4]

Group C: Critical Analysis Question [16 Marks]

3. The current state of Nepal's higher education system presents several challenges, including issues of accessibility, quality, and limited resources and these factors are contributing to the increasing trend of students migrating abroad for higher education. The combination of enhanced academic opportunities, better employment prospects, and the ability to earn and learn in abroad is shaping the motivations of Nepalese students to migrate in foreign countries.
 - a. Discuss your position regarding the influence of academic performance, career paths, and future contributions to both the foreign and home countries.
 - b. What are the potential long-term social, cultural, and economic impacts on Nepal as a result of students pursuing these opportunities abroad?
 - c. How can Nepal address the challenges associated with brain drain while maximizing the benefits of international education for returning students?
 - d. How can the HEIs improve the academic environment to retain local talent?
